Model CA-285

High Power Dual Band Mobile Antenna for 144 & 50MHz

Professional-look, heavy-duty antenna, accepting high power 300W communication.

One-touch Fold-Over is convenient, when parking the car in narrow space.

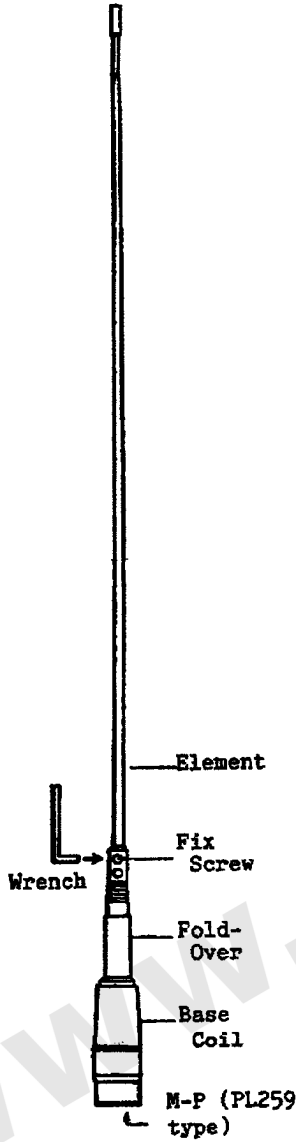

Specifications :

Frequency : 144-146, 50-54MHz
 Gain : 3.5dB(144), 0db(50MHz)
 Max Power : 300 Watt
 Impedance : 50 ohm
 VSWR : Less than 1.5
 Length : 1.32 m
 Weight : 270 g
 Type : 144MHz. 5/8wave
 50MHz 1/4wave

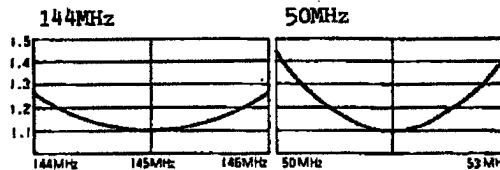

Frequency adjustment:

Unfasten the Fix Screw by the wrench and slide the element, studying your SWR meter.

Note : Please do not fold-down the antenna while driving the car.
